

Geometry

Worksheet Bundle

7 Lessons • Grades 1-6

1. 2D Shapes
2. 3D Shapes
3. Lines
4. Angles
5. Symmetry
6. Perimeter
7. Area

Lesson 1: 2D Shapes

Write the name of each shape below it.

Name: _____

Date: _____

Bonus: How many corners does a triangle have? _____

Lesson 2: 3D Shapes

Write the name of each 3D shape below it.

Name: _____

Date: _____

Bonus: Name one object at home shaped like a cube: _____

Lesson 3: Lines

Label each pair of lines below.

Name: _____

Date: _____

Type: _____

Type: _____

Type: _____

Type: _____

Lesson 4: Angles

Write Right, Acute, or Obtuse under each angle.

Name: _____

Date: _____

Type: _____

Type: _____

Type: _____

Lesson 5: Symmetry

Draw a line of symmetry on each shape, if it has one.

Name: _____

Date: _____

Square

Heart

Irregular Shape

Lesson 6: Perimeter

Find the perimeter of each rectangle.

Name: _____

Date: _____

Length = 2.0, Width = 1.0

Perimeter = _____

Length = 3.0, Width = 1.5

Perimeter = _____

Length = 4.0, Width = 2.0

Perimeter = _____

Lesson 7: Area

Count the squares to find the area of each grid.

Name: _____

Date: _____

Area = _____ square units

Area = _____ square units

Mixed Review

Circle the best answer for each question.

Name: _____

Date: _____

1. How many sides does a rectangle have?

- ☐ (A) 3
- ☐ (B) 4
- ☐ (C) 5

2. A right angle measures exactly:

- ☐ (A) 45°
- ☐ (B) 90°
- ☐ (C) 180°

3. What measures the distance around a shape?

- ☐ (A) Area
- ☐ (B) Perimeter
- ☐ (C) Symmetry

4. A shape with a line of symmetry has:

- ☐ (A) Two different halves
- ☐ (B) Two mirror-image halves
- ☐ (C) No sides

Answer Key

For teachers and parents.

Page 2 - 2D Shapes

Square, Circle, Triangle, Rectangle Bonus: 3 corners

Page 3 - 3D Shapes

Cube, Sphere, Cone Bonus: dice, box, or building block

Page 4 - Lines

Straight, Curved, Parallel, Perpendicular

Page 5 - Angles

Right, Acute, Obtuse

Page 6 - Symmetry

Square: yes (multiple lines) Heart: yes (1 vertical line) Irregular Shape: no line of symmetry

Page 7 - Perimeter

Rectangle 1: 6 Rectangle 2: 9 Rectangle 3: 12

Page 8 - Area

Grid 1 (3x2): 6 square units Grid 2 (4x3): 12 square units

Page 9 - Mixed Review

1. B (4) 2. B (90°) 3. B (Perimeter) 4. B (Two mirror-image halves)
